PROJECT

1. Birthday Website

- Developed a multi-page responsive website for a family event using HTML, CSS, JavaScript, and React.
- Linked three pages seamlessly to allow smooth navigation and created a user-friendly interface.
- Deployed the website on Vercel for live access, showcasing front-end design and deployment skills.

2. Personal Portfolio Website

- Built a responsive portfolio website using HTML, CSS, JavaScript, and React.
- Showcased various projects, including interactive elements and animations to enhance user experience.
- Ensured full responsiveness across devices using media queries and React's dynamic rendering.
- Deployed the portfolio on Vercel for easy access and viewing.
